

## HOW TO COMPILE THE SOURCE CODE :

Don't forget to download JDK to get JAVA 11 or 12 on your PC if you have never done JAVA before.

You can find the source code for the application in the "src" folder;

The language used in this project is JAVA, and the program is developed mainly with the library JSON-20190722 and the Java version is JDK version « 11 ».

Tested to be working on macbook pro and windows 10 64-bit.

I highly recommend opening the source in IntelliJ IDEA 2019.1.3 .

Look to the file how to run jar file for running the jar file

- 1) DOWNLOAD from MAVEN **org.json-20190722**
- 2) RUN THE PROGRAM on Eclipse or IntelliJ
